"As a parent of a special needs child, you sometimes feel very alone with your problems but Fledglings are always there at the end of the phone to help no matter how big or minor the problem" - Jill, parent

**Fledglings is a registered charity
providing practical help to families of disabled children**

Registered charity no. 1112618

What is Fledglings?

Fledglings is a national charity which aims to improve the lives of disabled children, and give relief to their carers by searching for and supplying through one source a range of products and services to meet individual needs. This new product brochure contains a range of good value items selected to meet children's and families' needs - NOT just to make a profit; indeed, currently only about a third of the income we need to operate Fledglings' service comes from our trading activity. **We are a charity** providing a personalised Helpline, regular E-news, this brochure, and a product search and development service - all free of charge - **which is why we rely on grants and donations.**

How we help

Using our long term experience of finding products to address the needs of families caring for a disabled child, our friendly helpline staff can often provide immediate answers to your difficulties. For more complex problems we carry out searches for new solutions: we may commission bespoke products to meet your specific need or point you in the direction of another service who we believe may be better able to help. So, if you need something you can't find in the brochure, please ask us.

Here are examples of things we have found:

Peanut Ball

*Dear Parents and Carers,**Autumn 2011*

Welcome to our fourth brochure of products for children with special needs. We have tried to retain here our most popular products and hope you will find the new additions we have introduced will bring added benefits for you and your children. In particular we have included some new chewing aids, specialist clothing and some electronic items which we hope will help keep your children safe. In response to your requests we are also delighted to include in this brochure, for the first time, a supplement of items more appropriate for older children. Of course, you may refer to and purchase from either or both of these publications.

From the beginning in 1998 our service has focused on meeting the needs that parents have identified. We were then at the forefront of the development of neckerchief/bandana bibs, now widely available, and we have continued to talk to manufacturers and suppliers to develop new product solutions ever since. Over the past few years we have also been involved in developing with a parent the excellent interactive website www.netbuddy.org.uk. Do take a look!

So, please continue to ask us those tricky questions which are hard to deal with alone and we'll do our best to find answers. We always welcome feedback and recommendations and value stories about how our products have helped. We especially treasure photographs of your children which keep constantly in our minds the reason we are here - to make life better for them and for you, their parents. They also brighten our publicity materials and funding applications. Thanks to all of you for your support - by working together we achieve more.

Helpful items for feeding, chewing & oral care

4 in 1 Cup

Designed for children from 3 months to toddler stage this cup may suit children on the autistic spectrum who do not like change. Also suitable for children with strong tongue thrust. May be used with or without teat, handles or sipper ring. PVC free.

Colour	Yellow with Red	
	Code	Price
Cup	ED0149	£5.95
2 Extra Teats	ED0304	£2.95

Doidy Cup

This small light cup is suitable as a first cup for many children. The angled side allows the child to anticipate when the drink will reach the mouth which helps to achieve independent drinking.

Colours:	Pink, Blue, White or Sparkly Purple	
	Code	Price
	ED0002	£4.00

Handy Cup & Lid

Similar in design to the Doidy Cup this large clear cup with a broad base, an angled side and two large handles helps many children to drink independently for the first time.

Colour:	Clear Cup with White Lid	
	Code	Price
	ED0122	£8.95

Flexi Cut Cup

This cup has a cut out to prevent neck extension when drinking. It may be squeezed to change its shape, so is helpful for parents who need to assist their children to drink by directing liquids carefully into their child's mouth.

Colour:	Blue	
	Code	Price
	ED0010	£3.80

Light Two Handled Cup with Two Lids

A light cup (50g) suitable for children who find lifting difficult. One lid has a spout and the other is concave with a straw hole through which children may also sip their drink. This sipper lid is recommended by speech therapists as it helps children to use the muscles around the mouth.

Colour:	Cream	
	Code	Price
	ED0006	£6.95

Explora Active Straw Cup

A versatile easy drinking cup with flip top and silicone straw. The hygiene cover keeps the straw clean while the insulated base keeps drinks cooler for longer. Non spill and leak proof, it is especially suitable for children who throw or drop their cups.

Colours:	Green, Blue or Pink	
	Code	Price
	ED0310	£5.00

Easy Hold Glass

The ridged sides of this plastic cup make it easy to grip. The lid with long spout can help children who have tongue thrust. The hole in the spout is large enough to take a straw and/or thickened liquids.

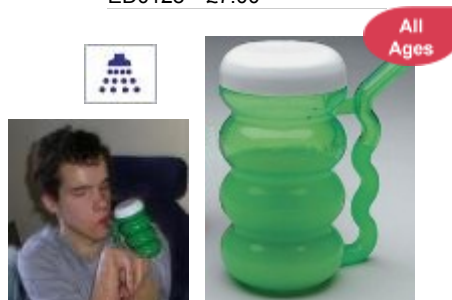

Colours:	Various	
	Code	Price
	ED0004	£6.50

Cup with Built in Straw

This cup has finger grips, a screw top lid and an integral straw which does not move and reaches liquid at the bottom of the cup. This is very beneficial for children with limited mobility or neck control. 13fl. oz.

Colour:	Clear Lime Green	
	Code	Price
	ED0128	£7.00

Spill-proof Beaker

This beaker has a circular valve, making it possible to drink from any point on the rim while also preventing spills. Helps those who drink in a reclining position and those who have difficulty sucking and swallowing. It comes with an illuminated base. The light base must be washed by hand.

Colours:	May vary	
	Code	Price
	ED0121	£4.95

Straw with a One Way Valve

This straw has a valve which allows fluid to flow one way only i.e. when sucking stops, drink still remains in the straw so helping children to drink even when they have little breath. The **Pat Saunders Straw** is re-useable, can be sterilised and has a clip to prevent the straw moving.

	Code	Price
Single Pat Saunders	ED0118	£3.00

Go Anywhere Teat

This new teat may be used with virtually any bottle or carton. Particularly helpful when travelling with dietary feeds in cartons or for older children who use a teat but for whom baby bottles and cups are undignified. The teat is supplied in a pod for hygiene reasons and should be sterilised after each use.

Code	Price
ED0305	£4.95

Squirt Feeder

Feeding spoon with in built bulb handle that holds 85g of puréed food. Squeeze food on to the spoon as required. Allows easy, one handed feeding.

Code	Price
ED0312	£7.50

Tum Tum 3 Piece Travel Cutlery

Bowl shaped fork and spoon to keep peas in place and aid scooping, and a knife blade just sharp enough and at the correct cutting angle. Trialled by a child with mild cerebral palsy, this beautifully designed grown up style cutlery is slightly weighted and has detachable 'grippy' handle covers. Will make eating out easier for many children. Comes with Travel Case.

Code	Price

Dycem

A non-slip material with a variety of uses. It grips on both sides so can be used under plates etc to prevent movement and spills or on desks to keep stationery in place. **Dycem Strips** may be wound around handles to improve grip. The **Dycem** itself may be cut into shapes and stuck onto other surfaces e.g. chairs to prevent slipping. Wash with warm soapy water to increase tackiness after constant use.

Colour: Reel is Blue, Strips are Yellow

Size	Code	Price
Reel 2m x 20cm	GC0004	£22.50
Reel 2m x 40cm	GC0005	£35.00
Strips 3 x 40cm x 3cm	GC0010	£6.00

35cm x 25cm	GC0003	£16.95

N.B: Using a plastic plate in a microwave oven is likely to shorten its life.

System Plate

A large plate with straight sides. The 3cm rim makes it easy to hold to keep the plate steady. The yellow plate is particularly suitable for children with visual difficulties. 24cm diameter including rim.

Colours:	Ivory or Yellow	
Colour	Code	Price
Ivory	ED0043	£7.95
Yellow	ED0044	£7.95

Gripware Partitioned Scoop Dish

A melamine dish with 3 compartments and high dividers to help children scoop out food easily. May be particularly helpful for children who dislike eating foods of different kinds on the same plate. 22cm diameter.

Colour:	White	
Code	Price	
ED0039	£9.15	

Scooper Plate with Suction Ring

This plate has one low side and one curved high side so a child can manoeuvre food onto the spoon more easily. The suction ring holds the plate in place to prevent slipping. It is easily detachable from the base so will not prevent children from lifting the plate and emptying the contents! 17cm diameter. Only dishwasher safe when suction ring removed.

Colour:	Blue with white base	
Code	Price	
ED0041	£9.75	

Manoy plate

Oval shaped with a slope on one side and a straight side on the other making it easy to slide a spoon in at one end and lift out food at the other. The plate also has a lip at the straight side making it easy to hold. Small is 15 x 22cm, large is 19 x 28cm.

Colour:	White	
Size	Code	Price
Small	ED0036	£7.95
Large	ED0037	£11.95

Gripware Round Scoop Dish

Made of white plastic, this dish measures 8" across, has a high back and a low front and is suitable for use by children with coordination difficulties or the use of only one hand. 20cm diameter.

Colour:	White	
Code	Price	
ED0038	£7.95	

Stay Warm Feeding Dish

This non slip dish has a base into which warm water can be poured and sealed in before the meal is served, thus enabling food to stay warm for longer. 22cm diameter. CAUTION: Do not use boiling water in this product and never leave your child unattended when eating.

Colour:	Navy/Cream	
Code	Price	
ED0143	£11.00	

Non Slip Scoop Plate, Divider Plate & Bowl with Weighted Base

This high quality dinnerware meets the needs of young people with a good appetite who need utensils which hold generous helpings. The utensils attach to a weighted base with a screw action, so are difficult to move or lift. They are therefore very stable, preventing spills and making mealtimes easier to deal with particularly for children with movement difficulties and carers of those with challenging behaviour. We have had very positive feedback on this equipment especially from schools.

"I have found this product, although expensive, one of the best suction plates on the market. No other plate stands up to the rigours of being pulled, pushed and remaining firm (as long as it is on a clean surface). This plate came highly recommended by an OT and it has stood the test of time. It has transformed our self feeding experience - a trial at the best of times!" Charlotte - parent

Chewing Aids

N.B. These products must be used under adult supervision. Inspect before each use and replace when they show signs of wear.

P's & Q's and **Super Chews** are solid and do not compress easily so provide resistance when chewed.

Chewy Tubes are very popular resilient devices. They can be compressed to help develop jaw motion for biting and chewing skills.

Chewelry WristBands are available in a variety of colours. They can be stretched but will return to original shape. Wash with warm soapy water.

Weighted Blankets and Lap Pads

Weighted blankets and lap pads can be used during the day to give **extra security** whilst worn around the shoulders or over the legs, or at night time on the bed. All our weighted items benefit from a unique design which ensures the greatest durability, safety and best overall effect. The College of Occupational Therapists advises that weighted therapy items should not exceed 10% of the user's weight e.g. a child weighing 20kg should never use a weighted item exceeding 2kg.

Footwear for special needs

Orthopaedic Sandals and Shoes – selected by a parent/occupational therapist

The **Vienna** and **Athens** classic sandal footwear is suitable for outdoor and indoor use. The open construction and diagnostic outsole allows for correcting and preventing foot complaints, also allowing the condition of the child's feet to be monitored. The **Helsinki** is a closed and supportive shoe with Velcro fastening, more suitable for outdoor wear all year round.

Portable Bidet

This multi functional product may help when toilet training your child. As the bidet fits onto the toilet, many children who are afraid of the toilet hole can be reassured if the bidet is put in place first. The bidet is also a godsend when collecting samples of urine or faeces from your child for the GP or hospital and may also double as a travel potty. The bidet can, of course, also be used as normal for cleansing after toileting.

Code	Price

Door or Window Alarm & Pager

This simple to use and fit alarm & pager can be used with any door or window, attached by strong Velcro, glue or screws. When a window or door is opened the pager will be activated. The pager has two volume settings. It may alternatively be set to silently vibrate. The pager can be used with additional alarms. Alternative pagers are also available, especially if alarms are required across a larger property. **Please contact us to discuss your requirements.**

Child Wander Alarm/Monitor

This multifunctional system has the following functions:

A) Tracker: set your safe distance and your monitor will alert you if your child strays too far (max distance 100m). Your monitor will also alert you if your child's monitor is removed from his /her wrist.

B) Panic button: your child can press a loud panic button if he/she becomes separated from you. Parent can also do the same.

C) Temperature monitor - receive an alarm if room temperature falls below 15°C or above 24°C.

D) Sound monitor - you will receive an alarm if your child makes a noise when alone.

Inflatable Sheet Bumpers

These bumpers fit inside a special sheet and are then inflated. They help children with different needs and in different situations and could also act as soft sides if their bed is placed next to a wall. Also, children who may have a night-time seizure would be protected from falling out of bed. When travelling these may be particularly helpful as they are lighter than most alternative products. Bumper length 112cm, height 17cm and sleeping space in between is 55cm.

Zak's Bed

This solid pine 3' single bed with high sides is made to customer's requirements with gate-style opening. Gate height 117cm from mattress base. It is particularly suitable for children who have outgrown a cot and need to be contained safely during the night in order to protect them from danger. Manufactured by a skilled wood turner this bed is solid and attractive and in our view represents very good value for money. A mattress is available to be purchased separately (See P. 19) or use your own current mattress.

Price: £1,300 including delivery and professional installation by the manufacturer to UK mainland only. Excess mileage charge may apply to Scotland.

Comfort Bed

This high quality bed is made in the UK and fitted with European electronics allowing it to rise and fall and tilt in space. The frame can be made to order in any size but the price is determined by the height of the sides: up to 75cm £2250, 80-85cms - £2350, 90-100cms - £2450. 30cm high padding can be added to all 4 sides for £375. Delivery and assembly charge is £115. Mattress can be purchased separately (see P.19).

Products to keep children safe

Magnetic Locks

These magnetically operated childproof locks for cupboards and drawers are ultra secure and designed to be almost impossible for children (and adults) to open. The lock is totally concealed and will only open with the patented magnetic key. Drill/screw holes are only needed on the inside to fix the lock in place. It is possible to deactivate the locks temporarily e.g. when the child is not at home.

The Maclaren Major Elite Buggy

This is probably the best known lightweight folding upright buggy for children with special needs, as it was the first of its kind. It was specially developed for disabled children, is lightweight (7.5 kg with footplate) and has fully swivelling manoeuvrable front wheels and folds simply in an umbrella fold for ease of handling and storage to the size of 117 x 25 x 21 cm. The buggy has been tested to support a child up to 50kg.

A five point harness and footplate come as standard. The Major Elite is supplied in basic format but comes with a wide range of accessories. The Buggy and accessories can be ordered through Fledglings. Please note that it is necessary to have a sunshade on which to fix the rain apron.

Aquatherm Swim Shorts

These very tight fitting shorts are waterproof, thermal, UV protective and breathable. They should be pulled over a nappy and, providing the fit is good, the nappy will stay dry. However, if a child has slim thighs they are unlikely to fit sufficiently close. These shorts have the advantage of helping children who quickly lose body heat in the water to swim for longer periods. They are also UV protective and can help keep children cool on hot days. N.B. Bespoke garments may be ordered.

Swimfin

This swimming aid was recommended to us by a parent. It is a fin shaped buoyancy aid that sits on the back leaving arms to move freely. Children are encouraged to immerse themselves further into the water – the more submerged the Swimfin is the more support it gives, encouraging the child to swim independently. As children love pretending to be a dolphin or a shark, the Swimfin makes swimming more fun for all children. It should, however always be used under supervision. Comes in one size only and may also be used by adults. Straps supplied are for ages 2-10.
